

## ABOUT SHARYN

Sharyn Galindo spends her days dividing her time as wife, mother of two boys, yoga practitioner, studio owner and teacher! She is the owner and studio director of North Shore Yoga in the Chicago area, with three locations in Northfield, Evanston and Bannockburn, Illinois. She began her yoga studies in the late 1990s, and has completed numerous teacher training courses specializing in the Ashtanga and Vinyasa Systems. She has been to Mysore, India to study with the late Sri. K. Pattabhi Jois at the Ashtanga Yoga Research Institute but spends most of her available travel time visiting Thailand to study with Paul Dallaghan at Samahita Yoga Thailand, who she considers

to be her primary teacher. She is ever grateful to him for introducing her to Sri. O. P. Tiwari of the Kaivalyadhama Institute, with whom she continues to study Pranayama in Thailand and the U.S.

In 2007, Sharyn expanded her studies to include a Masters program in Holistic Nutrition. In 2010, she completed over 1800 hours of study to receive a Clinical Ayurvedic Specialist (CAS) certificate from both the California College of Ayurveda and the American Institute of Vedic Studies. She now offers her own 200 and 500 hour Yoga Teacher Training Courses at North Shore Yoga.

Sharyn believes that only with a strong, healthy body—attained through proper diet, asana practice, pranayama, and meditation—can one begin to move towards true spiritual growth.

She lives north of Chicago with her husband, Steve—who is also a teacher at North Shore Yoga—and their two boys, Joey and Louis.

## 200 HOUR TEACHER TRAINING ॐ PROGRAM

October 3, 2017 – April 3, 2018  
Tuesdays, 11:15 am – 4:15 pm  
Northfield location

## ABOUT THE PROGRAM

North Shore Yoga Teacher Training provides an opportunity to deepen one's experience and understanding of yoga. This program not only will bring you on a journey of self-discovery but offers a holistic, well rounded comprehensive training program. You do not need a desire to be a teacher to participate. However, for those of you desiring to teach, the completion of this training will provide you the 200 hour certification with Yoga Alliance. In addition, the program, grounded in ancient philosophy, will give you the practical tools to teach Vinyasa and Ashtanga yoga. This course will be intensive, highly rewarding, yet taught in a joyful, supportive, and compassionate environment.

The goal of this program is to teach you how to become a dynamic teacher, while at the same time giving you the space to bring your own practice to greater depths. You will learn the fundamentals of teaching a Vinyasa and Ashtanga yoga class. Through practice, and your own creative potential, you will gain the confidence required to teach to a group of students seeking physical and spiritual growth. From the steady practice of asana, pranayama, meditation, and self-inquiry, you can discover your own true essence, maximizing your impact as a teacher. We encourage you to develop your own "soul-centered" approach to teaching. Teaching authentically, from your own truth, is a very effective way to share the path of yoga.
